

Performance, Motorsports, OEM or Aviation – Goodridge is a strong partner to our worldwide customers and ready for their next challenge. As the world's leading manufacturer of performance fluid transfer systems for a wide variety of applications we are increasingly looking for motivated employees to join our expanding manufacturing department.

Sound good to you?

We are looking for

Cutting Machine Operators / CNC Specialists (m/f/d)

We offer:

- An attractive and performance-related payment scheme
- A company pension scheme and capital formation benefits
- Job bike leasing
- Complimentary hot and cold drinks
- Our team are looking forward to meeting you and to integrate you into our team in a structured manner.
- Ability to work independently as well as part of a team.

Your contribution:

- You will be responsible for setting and operating the CNC machines, running the programs according to work instructions, producing valid first-off components
- Conducting in-process inspection, checking against drawings and specifications to ensure they are made accurately to the highest standards
- You will be responsible for the regular care and minor maintenance of the machines

Your Talents:

- You have completed vocational training as a cutting machine operator (m/f/d), cnc specialist (m/f/d) or a similar qualification
- You will have a proven track record and recent experience in setting and operating CNC machines, specifically Siemens controls SINUMERIK 840D sl and 828D as well as the CAM software hyperMILL
- Experience of reading and understanding engineering drawings and tolerances
- Proficiency in a range of measuring equipment and inspection techniques
- You have a high level of quality awareness and enjoy taking on new tasks
